ISQ AT A GLANCE

YOUR TECHNOLOGY AND INNOVATION PARTNER

ISQ is a private and independent organization which delivers value through integrated and innovative solutions.

We support our customers to manage **operational risks, improve efficiency and increase competitiveness.**

With 50+ years of history and presence in 12 countries, ISQ develops **integrated solutions** of engineering, inspection, testing and training services.

Covering the entire project lifecycle, ISQ supports its customers in **aligning their business objectives** with applicable regulation and norms, and in achieving their goals on quality, safety, and environmental and social responsibility.
